

For more than 50 years, dedicated residents in the Middlesex Centre area have answered the call, helping their neighbours and their community in times of emergency.

Our paid on-call firefighters continue that tradition today, responding when needed to fires, motor vehicle collisions and medical emergencies. They bring their knowledge to the community, raising awareness about the actions residents and businesses can take to prevent fires at home, at school, at work, or on the farm.

We are looking for more people to step-up and answer the call, continuing our tradition of service to the community we call home.
