An aerial photograph of a residential and industrial area. A river flows through the scene, surrounded by lush green trees. In the foreground, there are several industrial buildings, including one with a sign that reads "ARVA FLOUR MILLS". The background shows a residential neighborhood with houses and green lawns. A large white circular graphic is partially visible on the right side of the image.

# Municipality of Middlesex Centre Zoning By-law Conformity Update

## Public Open House

April 2023

# Meeting Agenda

1. Background
2. Key Changes to the Zoning By-law
3. Discussion (Questions & Answers)
4. Next Steps

# Housekeeping Items

- This meeting is being **recorded**.
- Your microphone will be **muted** until the Discussion period.
- Use the **Chat Box** throughout the presentation to ask questions or provide comments.
- **Raise your hand** to ask a question during the Discussion Period.

# Who is Listening Today?

**Michael Di Lullo**, CAO

**Marion Cabral**, Planner

**Matt Alexander**, Project Manager

**Matt Rodrigues**, Senior Planner

# Background

# Introducing the Draft Zoning By-law Amendment

The purpose of this public open house is to introduce the **Zoning By-law Conformity Update** for the Municipality of Middlesex Centre.

**In today's public open house, we will:**

- Outline key drivers of the Zoning By-law Conformity Update;
- Walk through the Draft Zoning By-law Amendment and highlight the key changes proposed; and
- Share how you can provide comments and get involved.

# Purpose of the Project

**Zoning By-law 2005-005** currently regulates land use across the Municipality.

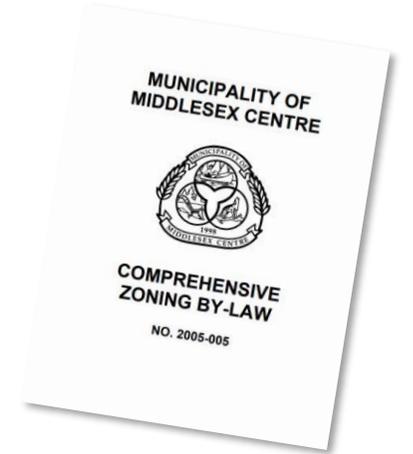

This project is intended to:

Implement the Middlesex Centre Official Plan, as amended through Official Plan Amendment 59.

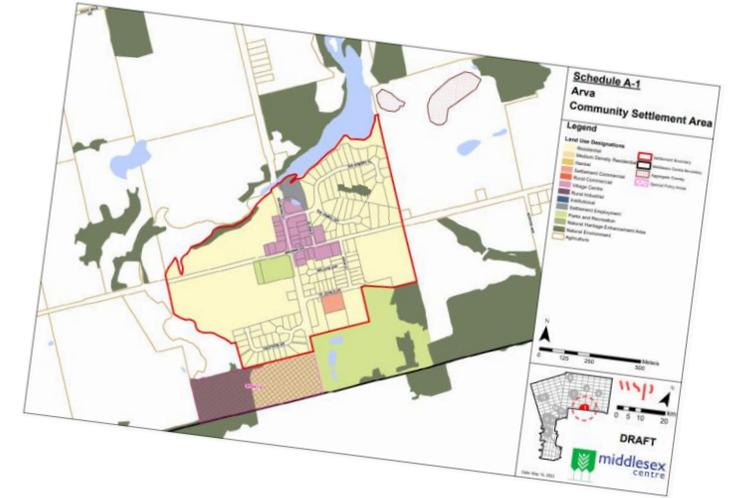

Address housekeeping edits and minor modifications to the Zoning By-law.

# Project Background

On May 18, 2022, Council adopted **Official Plan Amendment 59** to implement changes through the Official Plan Review process.

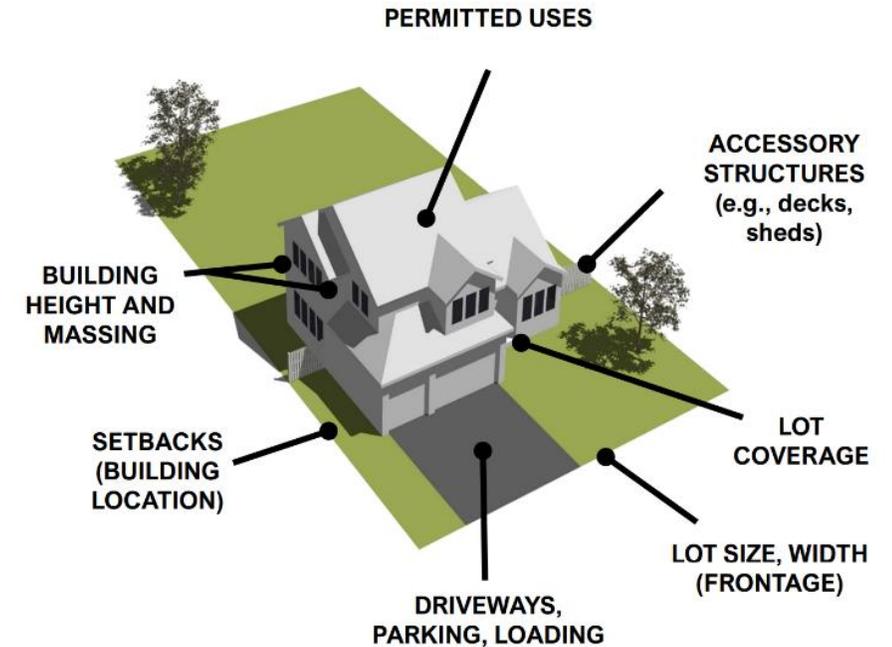

- The Municipality's Zoning By-law was first adopted in 2005.
- Under Section 24(1) of the *Planning Act*, zoning by-laws must conform to the official plan.
- Zoning by-laws are one of the primary tools to implement the official plan.

# What Does a Zoning By-law Do?

A zoning by-law establishes provisions that regulate the use of land and such things as: the size, height, and location of buildings and structures within the Municipality.

**Zoning by-laws divide the Municipality into various “zones”.**

# Key Changes to the Zoning By-law

# On-Farm Diversified Uses

## Foundations

- On-farm diversified uses (OFDU) are located on a farm and are secondary to the main agricultural
  - *Examples include agri-tourism, produce stands, and value-added uses*
- Updates to the Provincial Policy Statement and Municipal Official Plan support the introduction of on-farm diversified uses

## What Was Done

- General regulations for OFDUs added to Section 4.26, limiting the size and scale of the use to ensure they remain secondary
- OFDUs are permitted in Agricultural zones

# Additional Residential Units

## Foundations

- Additional residential units (ARUs) can be a second unit in a detached structure or a second unit within a main house (commonly referred to as granny flats or second units)
- Changes to Ontario's *Planning Act* and the Municipality's Official Plan support the creation of additional residential units

## What Was Done

- General regulations for ARUs added to Section 4.2
- A maximum of two ARUs are permitted per lot, subject to criteria (up to one ARU in a detached structure), alongside a single detached, semi, or street townhouse dwelling

# Dwelling Types

## Foundations

- The Municipality's Zoning By-law did not contain definitions for different types of dwellings such as stacked townhouses and live-work dwellings being built or proposed in the Municipality
- Updates to the Municipality's Official Plan support a wider variety of housing types in neighbourhoods

## What Was Done

- New definitions added for stacked, back-to-back, and cluster townhouse dwellings
- Permitted uses updated in the UR1, UR2, and UR3 zones to promote greater flexibility in dwelling types

# Village Centres & Hamlets

## Foundations

- Updates to the Municipality's Official Plan support a greater mix of uses and densities in the Village Centres found in urban and community settlement areas such as Ilderton, Delaware, and Komoka-Kilworth, compared to the Hamlets
  - *Policies for the Hamlets (e.g., Melrose and Bryanston) continue to permit some non-residential uses*
- The goal of these policies is to create walkable, complete communities that provide housing for all stages of life
- The Zoning By-law currently applies one zone in both Hamlets and Village Centres

# Village Centres & Hamlets

## What Was Done

- The **C1 zone** has been updated to be the Village Centre zone
  - *Greater heights are permitted (up to four stories)*
  - *New automobile-related uses are no longer permitted*
  - *Official Plan requirements to limit the size of some commercial uses have been implemented (maximum gross floor area of 500 sq. m.)*
- A new **C4 zone** has been applied to properties in the Hamlets previously zoned C1.
  - *The new C4 zone matches the in-effect C1 regulations and permitted uses.*

# Electric Vehicle Parking

## Foundations

- Updates to the Municipality’s Official Plan support the introduction of requirements for electric vehicle parking spaces for medium-high density residential and employment uses
- The use of electric vehicles is growing across Ontario

## What Was Done

- Regulations to Section 4.27 have been added to require “designed electric vehicle spaces” in the C1 and UR3 zones
- “Designed electric vehicle spaces” are not required to have charging equipment provided, but rather allow for future installation

# Housekeeping Amendments

## Foundations

- This process gives an opportunity to amend other standards of the By-law to reflect issues identified by Staff and other trends

## What Was Done

- Updated barrier-free parking requirements
- Updated section references and terminology
- Updated requirements for accessory buildings and structures
- Added requirements for visitor parking for some residential uses
- Consolidated the previous A2 zone into the A1 zone as Minimum Distance Separation (MDS) requirements now apply

# Discussion

Use the **Chat Box** at the bottom of your screen to share ideas, questions, and thoughts.

Use the **Raise Hand** button to ask a question and unmute your microphone when called upon.

# Next Steps

# What's Next?

Draft Zoning By-law Amendment (March 2023)

Public Open House (April 5, 2023) **WE ARE HERE**

Statutory Public Meeting (April 19, 2023)

Finalize Zoning By-law Amendment (April/May 2023)

Council Adoption (anticipating Spring 2023)

OPA No. 59 approved by County of Middlesex (TBD)

Zoning By-law Conformity Update In-Effect (TBD)

# Stay Informed & Provide Your Comments

- Visit the Municipality's **project webpage** for more details and project documents
  - <https://middlesexcentre.ca/zoning-bylaw-update>
- Submit your comments and questions to:  
**planning@middlesexcentre.ca**
  - *We request comments by **April 12<sup>th</sup>, 2023***
  - *All comments received from this Public Open House and subsequent Statutory Public Meeting will be considered in the revised Zoning By-law Amendment brought forward to Council*
- Participate in the **Statutory Public Meeting** being held on April 19<sup>th</sup>, 2023 at 6:00 p.m.

**Thank you**
