Purpose and Effect of the Application

The Municipality is seeking input on a development application within 60 metres of your property. The purpose and effect of the Application for Minor Variance is to seek relief from the Middlesex Centre Comprehensive Zoning By-law 2005-005 as it relates to the construction of an accessory building in the rear yard. The applicant is seeking an increase to the maximum lot coverage permitted for an accessory building to 4.53 percent lot coverage, that being 28.9 square metres (312 square feet), whereas the Zoning By-law permits a maximum size of the lesser of 3% lot coverage, or 50 square metres (538 square feet) in the Urban Residential First Density – exception (UR1-15) Zone.

The effect of the minor variance would be to permit the establishment of an accessory building in the rear yard in the format of a covered outdoor seating area and associated enclosed storage area.
