# RECENT PROGRAM CHANGES

We've made a few changes to the residential recycling list! The updated list allows for more materials to be collected and recycled, helping to keep even more waste out of landfill and creating one consistent list across Ontario. Please note that commercial recycling is excluded from the provincial Extended Producer Responsibility (EPR) model for residential recycling. To keep costs as low as possible for business owners—and to ensure all collected materials can continue to be properly marketed and recycled—commercial properties will continue to follow the current list of accepted materials.

## Additions to the Residential Recycling Program:
