Purpose and Effect of the Application

The purpose of the application is to seek relief from the Municipality of Middlesex Centre Zoning Bylaw 2005-005 with respect to increasing the maximum permitted height and size for an accessory building in the UR1 zone. The applicant is seeking a maximum height of 6.7 metres (22 feet) from grade to peak, whereas the by-law permits a maximum height of 5.5 metres (18 feet) from grade to peak. Additionally, the applicant is seeking a maximum permitted size of 129 m² for all accessory buildings on-site, whereas the by-law permits a maximum size of the lesser of 120 m², or 3 percent lot coverage. The effect of the variance would be to permit the construction of an accessory structure with higher roof and size than permitted, while maintaining an existing pool shed on the property.
